COSECHA RED WINE

MASET DEL LLEÓ

NATURAL ATTRACTION

Red wine made from our older grenache vineyards, grown under the protection of the impressive limestone Pàndols and Cavalls mountains which contour the horizon. A unique rough and winding terrain, worked and moulded patiently by its inhabitants throughout its existence. Land tilled to cultivate grapevines, olive fields, almond trees, and dry-stone banks. Ephemeral architecture. Ancestral understanding.

TASTING NOTES

Cherry-red in colour, with garnet tones. A range of forest fruit aromas, such as raspberry and redcurrant, pair with balsamics such as Mediterranean rosemary. In mouth, it is quite balanced and has good volume. A tantalising and pleasing wine that showcases forest fruits and the variety's characteristic minerality.
